Digital supplier management at thyssenkrupp AG

thyssenkrupp

Subscription in just three steps.

Become part of our digital procurement. With SAP Ariba, we provide you with a platform which makes your documents available to us quickly and securely. As it is a cloud application, all you need to participate is internet access and an internet browser.

Enjoy many advantages

- Completely digital transmission of documents and information
- Error reduction through stored processes and checks
- One-time entry of the information for all companies of the thyssenkrupp group
- Reminder management: Automatic notification when documents such as certificates need to be updated
- Free use of the SAP Ariba solution (use of additional functionalities may incur costs)

Step 1: Registration

- You will receive an automatically generated e-mail with all relevant information for your registration, including a link to the SAP Ariba network.
- Please follow the link, create an account and answer the registration questionnaire.
- The submitted answers will be reviewed and approved by thyssenkrupp.

Step 2: Qualification

- You will again receive an e-mail asking you to participate in a qualification process. Please follow the link provided.
- If you are already registered, please log in with your access data. Otherwise create an account as described in step 1.
- You will be taken to a page where you can provide all information and documents requested by thyssenkrupp electronically.

Step 3: Fill in and send

- Answer the questions and provide the necessary documents.
- Once the files are uploaded to the system, click on "Submit entire response".

The individual documents are checked and approved; for each document you will receive a separate, automatically generated e-mail notification.
