## Beijing Metro Line 22

Transportation

New rapid transit line connecting Beijing and Langfang City

Recent win

### Installation scope

- 168 Elevators
- 2 Moving walks

Phased installation schedule:  
2026/ 2028

*Beijing Metro Line 22 is the city's first cross-provincial urban rail transit route and serves as a demonstration project for the coordinated development of the Beijing-Tianjin-Hebei region in urban rail transportation. The Pinggu section is expected to be completed and open by the end of 2026, with the entire line scheduled to become fully operational in 2028.*
