## Installation scope

22 Elevator

\*project under construction

*TK Elevator is proud to support the development of the 213-meter Alinma Bank Tower - a striking new addition to Saudi Arabia's skyline. As part of this landmark project, TK Elevator is supplying 22 next-generation elevators, including high-speed systems reaching up to 6 m/s. Scheduled for completion in 2027, this venture highlights a big role in advancing urban mobility across Saudi Arabia and the Middle East.*
