29 Elevators

Service from:
2017

TK Elevator proudly contributed to the modernization of the LEED Silver-certified Beira-Rio Stadium in Porto Alegre by installing 23 state-of-the-art elevators. This enhancement significantly improved accessibility and fan experience, aligning with our commitment to sustainability and excellence in global sports infrastructure. The stadium was modernized for the 2014 Football World Cup, marking a milestone in our efforts to support world-class sporting events.
