2014

18 Escalators

Elevators are equipped with **AGILE** Destination Controls
Elevators and Escalators are connected with **MAX**

The Deutsche Bank Center in New York City, formerly Time Warner Center, is equipped with TK Elevators connected with MAX & AGILE solutions, ensuring efficient and intelligent transportation. In light of the September 11 attacks, these advanced systems enhance both performance and safety, reflecting the building's emphasis on resilience and preparedness.
