2024

New multi-year service contract for TKE and third-party elevators, escalators and other equipment 2024

TKE's long-standing partnership with Dubai Airports since 2004, along with our customer-centric approach, led us to this major service contract, ensuring a seamless, safe, and efficient travel experience for passengers.

Engineering highlight: Our advanced infrastructure includes 25 passenger boarding bridges specifically designed to serve the Airbus A380.
