**The world's busiest  
cargo gateway**

**Installation  
completed 2012**

### Installed products

**120** Elevators

**2** iwalks

Service from:  
**2012**

**62** Escalators

**21** Moving walks

**49** Passenger boarding bridges

*TKE won the Elevator World Award 2025 in the "Moving Walks" category for the Sky Bridge project, featuring two state-of-the-art iwalks. We played a pivotal role in this project by providing a comprehensive vertical transportation system, including 20 escalators and 13 elevators. The airport is equipped with a wide range of TKE products, ensuring seamless and efficient movement throughout the entire facility.*
