88 Escalators

Service from:
2016

TK Elevator received the prestigious “Project of the Year 2016” Award from Elevator World magazine in the Escalators category for its work on Rome Metro’s new Line C in Italy. Currently, two new stations, Colosseo and Porta Metronia, are under construction. This long-term customer relationship is built on commitment, on-time delivery, expertise, budget management, and customer satisfaction.
