Office &
Residential

Height 800 feet,
one of the tallest
buildings in San Francisco

Installation
completed 2017

Installed products

17 Elevators

Service from:
2017

181 Fremont, one of San Francisco's tallest buildings, required an advanced safety solution. In 2017, TK Elevator installed 17 elevators, including 14 with Occupant Evacuation Operation (OEO) functionality. This innovation enables elevators to operate during emergencies, ensuring safe and efficient evacuation for occupants while meeting strict safety standards in a high-rise environment.
