highest EOX in Österreich

Installation
completed 2025

Installed products

- 1 EOX digital native elevator
- 2 Elevators
- 1 Escalator
- 2 Platform Lifts

Service from: 2025

At 2,146 m above sea level, the Motta Naluns mountain station features Switzerland's highest EOX elevator, ensuring accessibility for visitors and supporting daily operations year-round. Easily reached by gondola, the renovated station also includes TKE elevators and escalators at both the valley and mountain stations.
