TK Elevator celebrates 25 years of providing smooth passenger flows at Ben Gurion Airport in Israel

- TK Elevator provides uninterrupted 24/7 service for more than 80 elevators at Israel's largest airport
- The long-standing partnership of 25 years demonstrates the strength and reliability of TK Elevator's highly skilled service teams

Düsseldorf, November 3, 2022 – TK Elevator proudly celebrates its 25th anniversary as a service provider for elevators installed at Israel's Ben Gurion International Airport. This landmark underscores the company's commitment to long-term customer relationships founded on reliable, high-quality services and close customer proximity.

TK Elevator began servicing installations in the airport in 1997 and today maintains over 80 elevators in the passenger terminals and airport buildings. This portfolio includes units manufactured by TK Elevator, as well as third-party elevators. A dedicated team is on-site around the clock, 365 days a year, to enable quick, professional and reliable service.

"A smooth passenger flow is essential to the operations of every airport, and we are proud to have contributed to ensuring this at Ben Gurion Airport for the last 25 years," says Amid Tal, CEO of TK Elevator Israel. "At TK Elevator, we know that meeting the specific needs of airport customers requires a well-trained, on-site presence and a reliable spare parts supply network. This is how we support the mobility of millions of passengers, and are proud to have the continued trust of Ben Gurion Airport."

Ben-Gurion is Israel's largest international airport in terms of passenger and aircraft traffic and has served as the main gateway to the country since its establishment nearly 90 years ago.

TK Elevator is a global leader in urban mobility with a worldwide service and maintenance network of more than 24,000 service technicians at over 1000 locations. The company has been operating in Israel since 1948, and services equipment at several landmark locations in the country.

ABOUT US

TK Elevator

With customers in over 100 countries served by more than 50,000 employees, TK Elevator achieved sales of around €8 billion in the fiscal year 2020/2021. Over 1,000 locations around the world provide an extensive network that guarantees closeness to customers. Over the past decades, TK Elevator has established itself as one of the world's leading elevator companies and became independent since its separation from thyssenkrupp AG in August 2020. The company's most important business line is the service business represented by over 24,000 service technicians. The product portfolio covers commodity elevators for residential and commercial buildings to cutting-edge, highly customized solutions for state-of-the-art skyscrapers. In addition, it also consists of escalators and moving walks, passenger boarding bridges, stair, and platform lifts. Integrated cloud-based service solutions, such as the MAX platform, are gaining in importance. With these digital offerings, there are no limits to urban mobility anymore. TKE – move beyond.
